## SME INTERIM MDM/R DOCUMENT CHANGE

Title: General Update of MDM/R RTS, Addition of Report  
BR02 Version 01 and New Report BR05, Withdrawal of  
Reports IR04 and IR05

File #: **SME\_IMDC\_0066**

Version #: **1.0**

---

### Part 1 – General Information

<b>Document Affected:</b>	Document Title: MDM/R V1.0 Reports Technical Specifications, Version 3.0		
	Document ID Number: IESO_SPEC_0001		
<b>SME-LDC Agreement Reference:</b>	Pending		
<b>SME Terms of Service Reference:</b>	Pending		
<b>Reason For Issue:</b>	<input type="checkbox"/> For comment and discussion purposes only. See instructions in Part 4. <b>Deadline for comment:</b> <div style="text-align: center;">(mm/dd/yyyy)</div> <input checked="" type="checkbox"/> Notification of change.		
<b>Date Prepared:</b>	04/29/2010 (mm/dd/yyyy)	<b>Documentation Change Valid From:</b>	April 29, 2010
		<b>Documentation Change Valid To:</b>	n/a
<b>Subject:</b>	Update of the MDM/R Reports Technical Specifications		
<b>Reason For Change:</b>	<p>To notify all parties regarding updates and revisions to the MDM/R Reports Technical Specifications to reflect addition of Report BR02 Version 01: Unauthorized Usage Report, addition of new Report BR05: Billing Validation Sum Check Failure Report, withdrawal of Report IR04: Organization Synchronization Updates Report, and withdrawal of Report IR05: Organization Synchronization Exception Report.</p> <p>General update to incorporate revisions, corrections, and clarifications to these specifications based on initial operations and on-going testing activities.</p>		

## Part 2 – General Information

### Description of Change

The information following will be included in a revision of the affected document, on or about the 'valid to' date provided in Part 1.

The following changes are reflected in Version 3.0 of the MDM/R V1.0 Reports Technical Specifications dated April 29, 2010.

- See Table of Changes, pages v – xi, *MDM/R V1.0 Reports Technical Specifications*, Version 3.0, dated April 29, 2010.

## Part 3 – Associated System Change

### Description of Systems Change

This section describes the associated release date, systems environments and other details of the systems change that are directly related to this document change.

Where applicable, this section will also describe the timelines for any overlap between different versions of a particular interface and any testing steps that an MDM/R user may be expected to go through in order to implement the change.

All reports defined in the update of these specifications are available in the MDM/R Production Environment running *EnergyIP* Release 6.3, with the exception of Report BR05: Billing Validation Sum Check Failure Report. Report BR05 is planned for deployment with *EnergyIP* Release 7.0.

## Part 4 – Instructions for Providing Feedback:

If this SME\_IMDC has been issued for comment (see “Reason for Issue”) you may provide feedback to the IESO in the following manner:

- 1) Please send your comments to: [info@smi-ieso.ca](mailto:info@smi-ieso.ca)
- 2) In the subject-header of your e-mail, please cite the SME\_IMDC file number of this document (see front page of this document).
- 3) Your comments may also include your organization’s assessment of the potential costs, time requirements and risks for implementing the proposed changes.
- 4) Please note that any comments submitted may be circulated amongst other stakeholders and other parties at the discretion of the IESO.
